News Release

Grey Wolf Consulting announces the completion of its first portable classroom facilities located at its Connecticut training grounds.

By Brian S. Williams – President / Chief Instructor, Grey Wolf Consulting, LLC

18 July, 2019

Colchester, CT. – Utilizing a 18' travel trailer which has been converted to comfortably accommodate up to 8 students and the instructor.

This new classroom is equipped with both heat and air conditioning as well as a full screen monitor for presentations and lectures and is positioned within close proximity to the firing line for the convenience of our students, instructors and guest instructors.

This unit represents the first in a planned series of similar enhancements we expect to deploy within the near future. However it is important to note that Grey Wolf continues to maintain its off-site classroom located in East Hampton, CT. which can accommodate significantly more students at one time or in the event of weather which may make the use of the portable classroom unavailable.

Additionally, Grey Wolf continues to provide off-site training services to our clients and students in at other facilities as needed. For additional information about this new portable classroom, please contact the Training Division.
